For trapping cockroaches and other crawling insect pests

Directions:

Peel off protective paper from sticky base.

Form trap by placing tab "A" in the slot "B".

Fold end flaps inward to form a 45° angle.

Place in an area where cockroaches & other insects are likely to hide.

Check trap regularly.

When glue area is full of insects, dispose of trap & replace with a fresh one.

Modo de empleo:

Despegue el papel protector de la adhesiva.

Forme la trampa, colocando la lengüeta "A" en la ranura "B", para formar así la trampa sobre la superficie adhesiva.

Coloque la trampa a la altura de paredes, en una zona protegida, en donde se esconden las cucarachas habitualmente, como pueden ser los rincones, debajo, traseros, detrás, debajo, etc.

Verifique la trampa regularmente.

Deséchela cuando la haya adherido se encuentre cubierto de insectos.
