

Manufactured by: Paramount Products, LLC 612 Beachland Blvd., Vero Beach, FL 32963
Tel: 772-492-1081 FAX: 772-231-6005

Section 1 Chemical Product and Company Information

Product Identification: P950 Polymer Taxi
Supplier Identification: See "Manufactured by"
Validation Date: November 4, 2013
Composition: Proprietary Gel-type Polymer Solution
Product Uses: Agricultural Spray Adjuvant
WHMIS Product Classification: Not Controlled
OSHA/HCS Product Classification: Not Hazardous

Section 2 Composition / Information on Ingredients

Ingredient	% Weight	CAS Number	LD50/LC50	Exposure
Not controlled per WHMIS				

Section 3 Hazard Identification

Emergency Overview: May be mildly irritating to eyes / skin upon repeated exposure.
Potential Health Effects
Eyes: May cause irritation, redness and pain and may cause potential damage.
Skin: May be mildly irritating. Continuous repeated exposure may be harmful.
Inhalation: Mists and vapors may be irritating to the mucous membranes of the respiratory tract.
Ingestion: May be harmful if swallowed.
Acute Health Effects: Irritation to the eyes, skin and mucous membranes.

Section 4 First Aid Measures

Routes of Entry
Skin Contact: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment.
Eye Contact: Immediately flush eye with plenty of water for a minimum of 15 minutes, lifting upper and lower lids. Remove contact lens if applicable. Seek medical attention immediately.
Inhalation: If symptoms are experienced, move person to fresh air. Provide artificial respiration if person is not breathing. Seek medical attention immediately.
Ingestion: Call a poison control center or doctor immediately for treatment or advise. Have person sip a glass of water if able to swallow. Do not induce vomiting unless advised by a poison center or doctor. Do not give anything by mouth to an unconscious person.
Protection of First-Aiders: None
Notes to Physician: Treat symptomatically

Section 5 Fire-Fighting Measures

Flammability of Product:	Not flammable
Flash Point (°F):	None
Auto-ignition Temp (°F):	None
Extinguishing Media:	Water spray, dry chemical, alcohol foam or carbon dioxide to cool containers.
Special Firefighting Procedures:	None
Hazardous Products of Combustion:	Nitrogen oxides (NOx), Carbon oxides (COx)
Unusual Fire and Explosion Hazards:	None
Explosion Data:	Will not flash spontaneously.

Section 6 Accidental Release Measures

Spill Procedures:	Ventilate area of leak or spill, keeping unnecessary and unprotected people away from the area. Barricade and scrape up/vacuum in disposal containers without implementing personal risk/harm. Absorb residue. Product is extremely slippery. Do not walk on spilled product. Discarded product must be disposed of in accordance with provincial/state and local environmental regulations.
Personal Precautions:	Never implicate self if personal hazard exists. Ensure proper ventilation before entering. Do not walk through affected area. Personal protective gear required (see section 8).

Section 7 Handling and Storage

Handling Temperature:	Ambient temperature
Handling Procedures:	Avoid coming into contact with product with bare skin or uncovered eyes.
Storage Temperature:	Ambient temperature
Storage Procedures:	Store product in tightly sealed containers, in a cool, dark place. Protect container against physical damage, and store separate from incompatible products.

Section 8 Exposure Controls, Personal Protection, and Exposure Limits

Engineering Controls:	Local exhaust is sufficient, make sure proper steps are taken to satisfy local fire code requirements.
Personal Protection:	Safety glasses, aprons, long sleeves, gloves and safety boots.
Hygiene Measures:	Always wash hands, eyes, mouth and change clothing prior to eating/smoking/leaving area or using the toilet.
Exposure Limits:	Not available

Section 9 Physical and Chemical Properties

Physical State:	Heavy viscous to gel
Appearance:	Translucent solution
Color:	Translucent / colorless
Odor:	None
Freezing/Melting Point:	Not available
Boiling/Condensation Point:	212 °F
Vapor Pressure:	<0.01
Specific Gravity (g/ml):	1.0
Vapor Density:	None
Solubility in Water:	Complete
Volatile Fraction (V%):	0
Evaporation Rate:	Not applicable
Viscosity:	1500-1700 cP @ 20°C
pH:	7.0-8.0

Section 10 Stability and Reactivity

Conditions for Chemical Stability:	Product is stable at ambient conditions.
Conditions for Thermal Stability:	Keep product from heating above ambient conditions.
Hazardous Polymerization:	Will not occur
Product Incompatibility:	Strong oxidizing materials and strong acids and bases.
Corrosivity:	Not Corrosive

Section 11 Toxicological Information

Irritancy:	Not available
Reproductive Toxicity:	Not available
Carcinogenicity:	Not available (no ingredient is carcinogenic)
Mutagenicity:	Not available
Teratogenicity:	Not available
Effects of Acute Exposure:	May cause irritation to mucous membranes of the respiratory tract, coughing, shortness of breath in highly sensitive persons. May cause skin irritation upon prolonged contact, redness and/or pain upon contact with eyes. Upon ingestion, could cause gastroenteritis, abdominal pain cramps, nausea and/or vomiting.
Effects of Chronic Exposure:	Not available

Section 12 Ecological Information

ENVIRONMENTAL FATE	
Atmosphere:	Not available
Water:	Not available
Soil:	Not available
Bioaccumulation Properties:	Not available
Products of Biodegradation:	Not available

Section 13 Disposal Considerations

Treatment: Treatment: Dispose of product in accordance to state /provincial and local environmental regulations. Never dispose by means of public sewers and drainage systems.

Recycling Options: Triple rinse (or equivalent) the empty container and offer for recycling according to local regulations.

Section 14 Transportation Information

In Case of Emergency: Chemtrec 800-424-9300
Poison Control Center: Consult local telephone directory for emergency numbers.

Special Provisions

TGD Classifications: Not applicable

DOT Classifications: Not applicable

Special Shipping

Instructions: None

Section 15 Regulatory Information

WHMIS Classification: Not Controlled

CPR Compliance: This product has been classified in accordance with the hazard criteria of the *Controlled Products Regulations* and the MSDS contains all the information required by the *Controlled Products Regulations*.

CEPA Status (DSL): This product or all of its components are currently listed on the Domestic Substances List, as described under the Canadian Environmental Protection Act (CEPA).

TSCA Inventory Status: This product and/or all of its components are either included on or exempt from the TSCA Inventory of Chemical Substances.

Conformity to
Other Regions: Available upon request

Section 16 Other Information

Hazardous Material
Information System (USA):

Health	1
Flammability	0
Reactivity	0
Personal Protection	

National Fire Protection
Association (USA):

Health	1
